NEW ATTACK LAUNCHED

Fate Of The World Is Now Being Shaped

KAISER HAS NOT GIVEN UP

London, Oct. 17.—While unconfirmed rumors of Germany's surrender and the kaiser's abdication were still circulated here today the British press bureau officially announced that the reports had no foundation in fact.

London, Oct. 17.—Unless peace is effected immediately a Bolshevik revolution will break out in Germany, according to dispatches received here today from sources said to be authoritative.

The dispatches were received by the Express from Amsterdam.

It came from their staff correspondent.

Bolshevism has been noted among the industrial classes. The regular socialists are alarmed and have drawn up a government which they will seek to establish in the event of the kaiser's abdication, hoping to head off anarchy and Bolshevism.

By ROBERT J. BENDER.

United Press Staff Correspondent.

Washington, Oct. 17.—The fate of the war and the fate of the world will be vitally shaped in the next few days or weeks.

Impending events that will do much to formulate history include:

First, completion of the fourth liberty loan.

Second, smashing the German armies in Belgium and farther south along the western battle line.

Third, Germany may send a new reply in the peace situation after, or before the reichstag meets tomorrow.

Fourth, Austria-Hungary and Turkey will probably go through new political turmoil, which perhaps will have a tremendous effect on Germany's position.

Revolts are reported in Bohemia and at Constantinople.

Fifth, the United States shipping board has ordered an increased speed in production that it may keep pace with an enlarged war department program of sending United States troops overseas.

The liberty loan still has a long way to go, but the nation is beginning to make an eleventh hour response, under the realization that the war must go on. As for the military situation, the advance in Belgium is broadening so extensive as to indicate a German intention to evacuate all or virtually all of that over-riden nation, with as small a loss as possible. The developments in Belgium are hastening evacuation of the Lille region, and will render less difficult for the allies their advance on Valenciennes and Maubeuge.

While the armies hammer on, Germany is evidently trying to keep alive the peace talk she started with her recent overtures. Reports that she had capitulated and that the kaiser had abdicated appear to have had German inspiration in Amsterdam. But the facts seem to be that the reichstag before the week end will discuss the Wilson "decision" in this connection, officialdom was interested today in press dispatches that the kaiser's power had been limited by Bundesrat approval of constitutional amendment, and that franchise reform had been undertaken. These reports like the rumors of capitulation may be parts of the German peace propaganda system, but probably have a certain basis in fact, according to information here. If true, it would indicate a purpose to meet at least one of President Wilson's last peace conditions.

Germany—or at least some parts of it—appears from press comment, however, to have been stirred to a new fighting spirit by the Wilson note. If for long, if necessary.

"DOUG" TRAVELS AS FIRST CLASS MAIL

New York, Oct. 17.—Douglas Fairbanks came over from Washington yesterday in an airplane as "first-class mail" to sell \$1,000,000 worth of liberty bonds to match a subscription for the same amount by Bernard Baruch, Chairman of the War Industries Board. He got the million from Piny Fisk, of the firm of Harvey Fisk & Sons. It was Mr. Fisk's father who sold \$170,000,000 worth of bonds for the government during the Civil War. Fairbanks had a sixteen-cent aerial postage stamp pasted on his forehead, which, he said, was cancelled by President Wilson just before he started. He expected to auction the stamp.

MAYOR OF PIQUA IS ARRESTED

Piqua, O., Oct. 17.—(3:30 p. m.)—Mayor Frank B. Hamilton of this city together with several other city officials was arrested today on sedition charges. Councilman Louis H. Neff and Safety Director Herman Grunert were the other city officials arrested. Joseph Wagner, a tailor and John Glass a laborer, were also arrested on the same charge. All are socialists.

REVOLT AGAINST YOUNG TURKS IS UNDER WAY

Genoa, Oct. 17.—A revolution has broken out in Constantinople against the young Turks, the Tribune DeGeneva reported today.

The Germans are said to have rushed 20 warships from the Black Sea to protect the adherents of Enver Pasha.

Turkey's friendship with Germany dates from the time the Young Turks came into power. Enver Pasha was until recently the Turkish war minister. He faithfully served the kaiser's interests in Constantinople.

The German war ships in the Black Sea are principally vessels taken from Russia.

It has been reported in this country that the Germans, determined to hold the Turks in the central alliance, announced they were ready to bombard Constantinople if necessary to halt any move against Germany.

That spirit becomes general—which is doubted here—it means that the war will go at least through another summer campaign. Meanwhile, Germany's allies, Turkey and Austria, appear to be going through events which may lead to their separation soon.

In any event, American is proceeding at new speed with its war work realizing that victory may have to be achieved solely by arms. In this connection, it became known today that the monthly troop shipment rate soon will be increased and that demands have been made upon the shipping board for greater and faster production. Destroyer construction is being speeded both to meet an expected submarine outburst and to furnish protection for the enlarged troop shipments.

WHERE HUNS HOLD INVADIED SOIL—WHICH THEY MUST GIVE UP

Shaded portion on map indicates where German troops are still occupying invaded territory.

One provision of President Wilson's peace terms, to which the Germans must agree before the allies will talk peace with the Hun murderers is that Germany shall withdraw its troops from all invaded territory still held by the

kaiser's forces. The shaded portion in the map above shows this territory.

Alsace-Lorraine, indicated by arrows, was under German rule before the war started. If Germany is not forced to evacuate that ter-

ritory before being allowed to talk peace it will be forced to return that section to France as part of the peace settlement. To allow Germany to hold it would be like allowing a robber to go with part of his spoils.

BULLETINS

London, Oct. 17.—(1:55 P. M.)—The Belgians are marching on Ostend, the former German submarine base, according to battle front dispatches received here today.

London, Oct. 17.—Lille has been captured by the allies, according to information received here today. The reports were received through dispatches from the battle front which stated that British troops had completed occupation of the great fortress and industrial city.

Washington, Oct. 17.—The ban on the use of automobiles on Sunday was unconditionally lifted today, effective immediately. Fuel Administrator Garfield said that no restriction will be placed on the use of automobiles unless gasoline stocks again become dangerously low. He added that priority orders will be issued for overseas gasoline shipments.

Washington, Oct. 17.—The American people must be prepared to subscribe one and probably two more liberty loans. This was revealed today by Secretary McAdoo, who said that the financial plans of the government will require a much heavier burden than has yet been placed on the nation. Authorizations by congress now aggregate \$27,000,000,000 for the current fiscal year, McAdoo added.

SERBIAN TROOPS TAKE ALEKSINATZ

London, Oct. 17.—Serbian troops have captured the town of Aleksinatz, 20 miles northwest of Nish. The Serbian war office announced today.

The French occupied Pirot, 35 miles southeast of Nish. "On Tuesday, we occupied Mount Kressi-Baba, the town of Aleksinatz, Mount Kastrebatz and the village of Zlatara," the statement said. French cavalry captured Pirot."

GREAT GERMAN RETREAT REPORTED TO BE UNDER WAY IN BELGIUM

London, Oct. 17.—A great German retreat is reported to be under way in Belgium. The enemy is said to be retreating so rapidly that at some points the allied forces have lost contact.

British troops are unofficially reported to be in Lille and Courtrai. While Tourcoing and Roubaix are in imminent danger of capture.

French cavalry is approaching Thielt, increasing the isolation of Bruges, Ostend and Zeebrugge.

The Belgians are advancing northward from Thourout along the roads to Ostend and Bruges.

To the south, British, French and American pressure continues east of Constantinople from the south.

Cambrai and St. Quentin. The French and Italian advance in the Laon region has become slower, but the capture of Grandpre by the Americans has permitted enlargement of the operations in the Argonne-Meuse region. Continued advance is being made by the French and Americans in the Champagne.

The allies are rapidly extending their victories in the Balkans, marching northward in Serbia, and pouring westward into northern Albania.

Capture of Homs, in Asia Minor has brought the British to within 100 miles of the great center of Aleppo, which is one of the principal defenses of the Turkish empire.

DRAFT CALLS FOR MEN OVER 37 YEARS TO BEGIN MARCH 1

Washington, October 17.—Draft calls for men who have passed their thirtieth birthday anniversary are instructed to begin about March 1. Plans for bringing the older class of new registrants into camp have not been completed, but the approximate date of the first call was disclosed by publication of testimony by Provost Marshal General Crowder before the House Military Committee.

In all, General Crowder told the committee, 2,390,000 newly registered men between 18 and 45, will be called before July 1, and of that number more than two million will be physically fit fighting men. The calls for general service will be divided as follows:

October, 345,000; November, 204,000; December, 197,500; January, 147,500; February, 244,000; March, April, May and June, 344,000, each month. These men will supply both the army and the navy and marine corps.

In addition 20,000 men for limited service will be called each month.

INTERRED GERMAN PRISONERS BUY LIBERTY BONDS

Washington, Oct. 17.—Interned German prisoners at Fort Oglethorpe, Ga., are buying liberty bonds.

They expressed their desire to do so to the authorities of the internment camp. A Mitchell Palmer, custodian of allies property, gave his consent.

GREAT GERMAN BASE AT COURTRAI IS CAPTURED

British and Americans suddenly launched new attack on a ten mile front between Le Cateau and Bohaia this morning.

This drive is aimed directly at Hirson, less than 25 miles eastward, which guards the western tip of the impassable Ardennes.

Capture of Hirson will definitely split the German armies and leave the divided forces in choice of exit from Belgium and northern France.

Every mile gained toward Hirson will narrow the maneuvering area left the enemy, and at the same time extend the southern face of the salient which contains Lille, Tourcoing, Roubaix and Valenciennes.

Directly in the path of the anglo-American assault, which was officially reported to be "progressing satisfactory," is the important railway center of Wassigny, less than four miles from the advancing allies.

The allied drive in Belgium is progressing well. Belgian cavalry is reported to have entered Thielt, only fifteen miles from Ghent and the same distance southeast of Bruges.

British troops are reported to have completed the capture of Courtrai, and to have entered the outskirts of Lille.

Field Marshal Haig announced that the Belgians, French and British gained nearly four miles on a thirty mile front yesterday. He confirmed capture of Thorout, Menin and several other towns.

The French war office reported continued contact with the retiring Germans between the Oise and the Serre.

United Press staff dispatches report important gains by the Americans between the Argonne and the Meuse, resulting from the capture of Grandpre.

Serbian troops have advanced 20 miles north of Nish, capturing the town of Aleksinatz. French cavalry occupied Pirot, 35 miles southeast of Nish, near the Bulgarian frontier.

BY LOWELL MELLETT.

(United Press Staff Correspondent.)

With the British Armies in Flanders, Oct. 17.—British troops have captured Courtrai, the great enemy base southwest of Ghent.

At the same time it is reported that the British are in the outskirts of Lille. This has not yet been officially confirmed.

In the Lille region, the British were last officially reported to have broken through the line which the Germans built to the city, and were nearing the ancient defensive moat, which was its principal protection in mediaeval times.

General Plummer's men have captured the hill positions which dominate Tourcoing and Roubaix. The enemy is removing military stores from Lille, Tourcoing and Roubaix. Fires have been observed in Lille, but it is not certain yet whether the Germans are seeking to destroy the city.

Pressure is continued on all sides of the salient which contains three important French industrial cities. Evacuation of this region seems im-

minent, and in a way that will not please the Germans.

In most places pursuers and pursued have moved out of the devastated mud into a fair, green country. The Belgians, for the first time in four years, are getting a glimpse of their country as they knew it before the war. Few buildings have been destroyed and none of the trees harmed.

When Roulers was occupied, 12,000 civilians ran about at the peril of their necks, pointing out hidden mines and shouting "here's one, there's one."

A captured German engineer was compelled to remove the mines. American relief stores, valued at \$20,000, were taken to Germany before the evacuation.

BELGIAN CAVALRY IS MAKING GAINS

Paris, Oct. 17.—(11:55 a. m.)—The Belgian cavalry has penetrated Thielt. It was announced here today.

LOCAL ITEMS

Miss Trina Stiles is confined to her home on Cincinnati avenue suffering with influenza.

Mrs. Ethel Koogler and little daughter, Frances Bailey are confined to their beds with influenza.

Mrs. L. A. Judy, forelady of the Xenia Shoe Manufacturing Company, who has been very ill of bronchial influenza is slightly improved today.

For Sale—Second hand sewing machines at Singer office, 52 E. Main St. adv.10-18

J. I. Oglesbee has just received sixteen Scotch shorthorn heifers of the last importation that will be shipped till after the war. They arrived at the farm Wednesday and are of the best blood lines of Scotland.

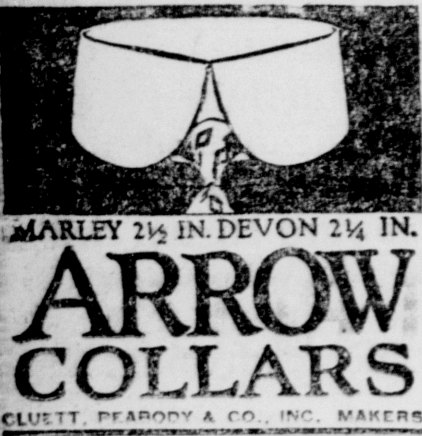

Mrs. Ruth Scott is confined to her home with influenza.

Miss Reva Walker, who went up to Battle Creek, Mich., a few weeks ago to take up a course in nurse training, was obliged to abandon her plans and has returned home. Miss Walker's health was such that she was unable to stand the required work.

CREAM FOR CATARRH OPENS UP NOSTRILS
Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

DILLON MULTI VISION LENS

WEATHER REPORT

Fair tonight, Friday fair in north portion, south portion cooler.

Ralph Mallow, son of Mr. and Mrs. S. P. Mallow, is critically ill of pneumonia. The young man was working in Miamisburg, and was taken ill of influenza. When he grew better, he returned home in an automobile and as a result of the exposure had a relapse.

Have your hemstitching done at Singer office. 52 East Main Street. adv.10-18

Mrs. Phillip LaBelle, who has been confined to her bed with the grip, is able to sit up and is getting along nicely.

Lee Kellis, barber at the Mullen barber shop is ill with influenza.

Mr. and Mrs. W. E. Boring are in Columbus on a short business trip.

Faith Rankin who has been seriously ill of influenza is showing some improvement.

Be sure to see C. A. Kelble's ad in this paper. Bargains. adv

Mrs. Charles Hamilton and Miss Jennie Barwise were Dayton visitors yesterday.

The meeting of Xenia Chapter No. 35, R. A. M. for this evening (Thursday) has been recalled. By order of John Simison, H. P.

Miss Geraldine Ruble, of Logan, O., is the guest of Miss Eleanor Donges at her home on South Detroit street.

The Greene County Christian Endeavor convention which was to be held at Bowersville, on Saturday, Oct. 19th, has been postponed on account of quarantine conditions. It is planned to hold the convention at a later date. Watch for further announcement.

Hundreds of thousands of pounds per week of tin-foil will thus be made available to the Government. It is said, "Juicy Fruit" will hereafter appear in the hermetically sealed pink wrapper same as "Spearmint." "Doublemint" will also be wrapped in waxed pink paper, instead of green.

Ralph H. Hamilton, who is engaged in army work as a lecturer in the eastern camps, is in Xenia on a few days leave of absence, and is visiting his parents, Mr. and Mrs. John Hamilton. Mr. Hamilton came here direct from Washington, where he is now stationed. While he is not yet uniformed, Mr. Hamilton is in a branch of the service and is governed by army rules.

William Fisher is confined to his home with influenza.

Mrs. W. H. Hamilton is visiting relatives in Hamilton, Ohio.

Xenia Lodge No. 49, F. and A. M. Stated Communication, Friday, October 18, 1918, 7 o'clock p. m. By order of C. L. Babb, W. M.

The employees of Jobe brothers store will enjoy a weiner roast at Kilcare Park Thursday night.

Miss Naomi Bader, of Buckeye Lake, O., who has been the guest of Mrs. W. C. Sutton for the past two weeks, will return home Sunday.

Look for Kelble's bargain ad. in this paper.

Miss Alice Powers, chief operator at the Bell telephone exchange in Spring Valley, is ill of typhoid fever, and Miss Edna Steele is temporarily in charge of the exchange.

Frank Connable, of Wilmington, Del., vice president of the DuPont Powder Company, spent part of Tuesday and Wednesday in Xenia, stopping here while passing through on business.

Robert Dorman, who has been located at Massillon for some time, is in Xenia and expects to locate here. Mrs. Dorman and their little child, are still in Massillon.

Miss Cora Williams of the local post office, has just returned from a delightful ten days' visit at Asheville, North Carolina, with her brother-in-law and sister, Mr. and Mrs. Chas. Haeseler. She was accompanied by her sister, Miss Anna, of Dayton. Mrs. Haeseler returned with them and will remain here for about a month.

Mr. and Mrs. Fred Coy of West Second street, are sick with influenza.

There are said to be fifty cases of influenza and pneumonia in Spring Valley, among them Dr. Hartinger, the only resident physician, who, worn out with day and night calls upon the sick, fell victim himself. Mrs. Hartinger is also ill. Miss Idena Osborn, Ray Krug and Ray Eagle are all ill of pneumonia.

Private Sale, Household Goods, of late Anna E. McDonald, No. 138 West Third street, Friday, 8 to 12. 1 to 5 o'clock. adv.10-17

A very successful sale was held by Earl Randall at his farm, one-half mile north of Cedarville, on the Yellow Springs and Cedarville pike, on Tuesday, October the fifteenth. One cow brought \$125, while the hogs sold for good prices. The sale amounted to nearly \$1,500. Mr. Randall advertised his sale through the Xenia Gazette and Republican and is very much pleased with the results.

Lewis Ward has resigned as assistant farmer at the O. S. & S. O. Home.

Private Sale Household Goods, of late Anna E. McDonald, No. 138 West Third street, Friday 8 to 12. 1 to 5 o'clock. adv.10-17

Miss Bessie McDermott, a student nurse at the Miami Valley Hospital, is very ill with influenza. Her relatives were called to her bedside on Wednesday evening.

LEROY TRUBEE IS DEAD OF INFLUENZA

After an illness of ten days' duration from influenza, which developed into pneumonia, Leroy Trubee, 29 years old, son of Mr. and Mrs. Lewis Trubee, died at the home of his parents, north of Alpha, at 11 o'clock Thursday morning.

The lad's younger brother, Harold, 17 years of age, is ill of the same malady, with which he was stricken a week ago.

Mr. and Mrs. Trubee are among the best known residents of the west half of the county, and Mr. Trubee is a leading farmer.

Funeral arrangements have not been announced.

WRIGLEY GIVES TIN-FOIL TO THE GOVERNMENT

To help meet the needs of the Government, Wrigley's will discontinue the use of tin-foil as a wrapping for "Juicy Fruit" chewing gum, in order to release this valuable material to Uncle Sam.

MRS. FLEMING WATT IS INJURED WHEN AUTOS COLLIDE

An automobile traveling rapidly east on Main street, collided with the Buick roadster driven by Mrs. Fleming Watt, at Main and Mechanic streets, at noon, Thursday.

The Watt machine was badly damaged, the door, running board and both fenders on the left side, being crushed. The body of the car was not damaged, and it is in running condition. Mrs. Watt was severely shaken up but was not otherwise injured. The driver of the car which caused the accident continued, on his way, without waiting to see the extent of the damage.

Mrs. Watt was on her way to the R. A. Kelly factory, to take her husband home for luncheon. As she turned her car into Market from Mechanic street, the automobile, approaching from the west plunged into her machine. As soon as he could right his car, which was not greatly damaged, the unknown driver of the machine continued on his way without anybody in the vicinity securing the number of his automobile.

SCHOOLS NOT TO OPEN MONDAY SAYS HEALTH OFFICER

There will be no letting up of the ban on public gatherings for the present, according to the announcement made Thursday by Dr. R. H. Grube, city health officer.

Dr. Grube had expected to permit the schools to reopen next Monday, but changed his mind and rescinded the permission which had been given to the school heads to call the children and teachers back to their work next week.

Dr. Grube says there are approximately fifty cases of influenza in Xenia. One death which resulted on Thursday morning was due indirectly to influenza, but heart trouble was the primary cause.

With hundreds of cases of influenza and many deaths from pneumonia in Clinton, Fayette and Miami counties, Xenia and Greene county has been remarkably free from the epidemic, due, no doubt, to the early order of the health officer closing schools, churches and barring public gatherings.

A SUCCESSFUL REMEDY

All things succeed which really deserve to—which fill a real need, which prove their worth. The fact that the famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has for three generations been relieving women of this country from the worst forms of female ills and has won such a strong place in our American homes proves its merit beyond the question of a doubt. It will well pay any woman who is in need of such a medicine to try it. adv

YOUNG GIRL DIES AFTER BRIEF ILLNESS

The death of Miss Garnet Strayer, only daughter of Mrs. and Mrs. Charles Strayer of Fairground avenue, came as a shock to her many friends. She passed away at six o'clock, Thursday morning.

She was taken ill a little more than a wee kago with influenza. Pneumonia developed, and she grew steadily worse till death released her from her suffering.

Miss Strayer was seventeen the fourth of September and was an unusually bright and capable girl. She will be sadly missed by her grief-stricken parents and two younger brothers, Gilbert and Elwood, and her many friends.

She was a member of the First Reformed Church and very active in the work of the Sunday School, teaching a class.

Funeral arrangements will be announced later.

Mothers!

Watch the tongue
Of your young!
Your little pets
Need candy "Cascarets!"
Sell for a dime—
"Work" every time.

When the kiddies' tongues turn white; breath feverish; stomach sour. When your little pets become cross, pale, bilious, constipated or have a cold, give Cascarets as directed on each 10 cent box. Cascarets taste like candy but work out the nasty bile, sour fermentations and poisons better than castor oil, calomel or pills. Children need never be coaxed to take this harmless candy cathartic. Cascarets are given to children aged one year and upwards. They never gripe. Never disappoint the worried mother.

RELIEF FROM ECZEMA

Zemo, the Penetrating, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00. Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

WHAT WAR MOVES MEAN

BY J. W. T. MASON.

New York, Oct. 17.—Ostend and Zeebrugge can no longer be used by the Germans as supply bases, for their submarines.

The allied advance into Belgium has already cut the principal railway leading to Ostend by way of Thourout. There remains a second railway which passes through Bruges and branches off to Ostend and Zeebrugge.

French cavalry, however, are approaching so near to this line that it would be foolhardy for the Germans to continue sending over supplies

which would be destined for ultimate capture.

Instead of this sole remaining line of communications being used to carry munitions to the Belgian coast for the U-boats there is every reason to believe the Germans are trying to employ it to rescue all they can from Zeebrugge before the allies close in upon these ports.

Forwarding of torpedoes for the submarines to Ostend and Zeebrugge for the destruction of allied shipping can be undertaken only by way of the Belgian coast by submarine carriers.

To reload their magazines therefore, the submarine pirates must now make their way back to German territorial waters after the termination of every raid. Their outward and return trips will add five hundred miles to the necessary journeys of the submarines before they can reach the lanes of the trans-Atlantic shipping.

This means the pirates must shorten the period they can remain at sea in wait for their victims by several days. Otherwise their supplies will become exhausted. It also means the U-boats must run a much longer gauntlet past the allied patrol ships off the coast of Belgium and Holland. There will now be a greater toll of submarines taken than ever before. At the same time despite the kaisers efforts to increase the intensity of his ruthlessness at sea, allied ships losses should show a rapid decline.

Demand of the Day.

Today there is a greater demand for workers, real, live, ambitious, resolute workers than ever before in the world's history. Every office and shop in the land is calling for help, and the woman who is poor, but proud—too proud to roll up her sleeves and know the keen joy that comes from real, honest toil—is missing one of life's sweetest consolations. If she is wise now, while the opportunity is hers, she will put that foolish sentiment in the background and seek out the opening that will assure her a living.

PRETTY WEDDING IS SOLEMNIZED NEAR CEDARVILLE

In the presence of a company of fifty, the marriage ceremony of Ralph John Hill, of Pittsburgh, and Miss Josephine Orr, daughter of Mr. and Mrs. James R. Orr, was solemnized at the home of the bride's parents on the Columbus pike, near Cedarville, at 7 o'clock Wednesday evening.

The Rev. Ernest B. McClellan, of Belle Center, the bride's brother-in-law, officiated, assisted by her brother, the Rev. John Alvin Orr, of Pittsburgh. The double ring service was used.

The service took place in the parlor, in a nook arranged before the mantel piece, which was banked with ferns and pink and white carnations. Tall handled white wicker baskets at their side, held feathery ferns. The sitting room of the home was decked with bright colored autumn leaves, and the dining room was in pink and white.

Miss Mary Cooper played the wedding march from Lohengrin, for the entrance of the bridal pair, who, preceded by the flower girl, 5 year old Eleanor Orr, the bride's niece, entered unattended. The bride was lovely in white satin with a drapery of georgette crepe, and silver lace and pearl trimmings. Her tulle veil was arranged cap fashion, and held with rose buds, and her bouquet was a shower of bride's roses. Little Miss Orr was all in white and carried a white basket filled with pink rose buds.

Following the marriage service, a three course supper was served. The bride's table in the dining room was centered with a white wicker basket filled with long stemmed Killarney roses.

At either end of the table, there were served throughout the rooms. There were covers at the bride's table for: Mr. and Mrs. Hill, Dr. and Mrs. P. Alvin Orr, Mr. and Mrs. William Ferguson, Mr. and Mrs. R. W. Ustick, of Wellsville, O., and Miss Mary Cooper. The other guests were served throughout the rooms.

Mr. and Mrs. Hill are remaining at the Orr home until Friday, when they will go on to Pittsburgh, where Mr. Hill, who is a mechanical engineer, is engaged in government work as foreman of the foundry room at the Mesta Steel Works, a large concern engaged in war contracts.

Mr. Hill is a Cedarville township man, a son of Mr. and Mrs. Enos W. Hill. He is a graduate of Cedarville college in the class of 1910, and graduated in 1917, from Carnegie Technical School, Pittsburgh. His bride is a graduate of Cedarville college, and after her graduation taught school for one year at the Hillsboro, Ill., high school. She also taught in Cedarville schools for a short time.

Mr. and Mrs. Hill will be at home at No. 12 Haggy Place, East Liberty, Pittsburgh.

GET IT AT DONGES. adv

CLARENCE GAUGH IS DEAD AT CAMP

Word has been received of the death of Clarence Gaugh of influenza at the Officers' Training Camp at Fort Benjamin Harrison.

Mr. Gaugh was twenty-four years old. He married Hilda Williams, of Murray, Ky., in May 1917, and graduated two weeks later from the University of Kentucky with a degree in Civil Engineering. He had only been in camp two months. His wife started to his bedside but did not get there before his death. Burial will be made at his childhood home in Williams-town, Kentucky.

Mr. Gaugh came to Xenia with his bride in June 1917, holding an official position with the Andrews Paying Co. His young wife has the sympathy of many Xenia people as they made many friends during their short stay in Xenia.

PARENTS LOSE IN RACE WITH DEATH

Losing their race with death, the parents of Lieutenant Harold C. White, of Seattle, Wash., are on their way to Wilbur Wright Field, from their far-off Western home.

Lieutenant White died from a two-day siege of pneumonia at Wright Field. His sister, Miss White came from New York, where she was taking a Y. W. C. A. course preparatory to making the trip overseas.

A total of 38 deaths have occurred at the field, but Chief Medical Officer Farmer says that the epidemic has abated.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 245E Marcellus Avenue, Manassas, N. J., I will cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

GOOD HOUSEKEEPERS USE BEST. That's why they use Red Cross Ball Blue. All leading grocers, 5 cents.

BEWARE!

New York, October 17.—Walter S. Rogers, acting director of the cable press censorship, has asked that the following notice, signed by him, be placed before the editors of the country:

"Apparently European news centers are full of all sorts of rumors as to the attitude Germany is going to take regarding President Wilson's recent communication.

"Press cable censorship will not prevent entrance into this country of messages of this character. On the other hand your attention is called to dangers which may arise from overemphasizing unconfirmed reports.

"Playing up rumors of this kind cannot but have effect upon the liberty loan campaign and upon the public attitude toward war."

YOUNG SOLDIER DIES THREE WEEKS AFTER ENTERING ARMY

Private Amos Thornton, of Washington C. H., a brother of Sergeant James Thornton, who entered military service from this city, died at his home Sunday night, a few hours after arriving there from Wright field. He was inducted into the service three weeks ago.

A short time after entering the service, he became ill of a nervous breakdown. His condition became much worse, and the family was given permission to take him home. His brother, Sergeant James Thornton, who is also at Wright Field, accompanied him home.

Funeral services were held for the young soldier Wednesday morning. Mrs. James Thornton and Mr. and Mrs. Charles Snider of this city, attended the service.

Work for Better Times.

CRADLES AND TRENCHES
COMPARED.

When Dr. Josephine Baker, in the
course of her propaganda work for
the saving of 100,000 American babies
this year, declared that "there is
three times as much danger in being a
baby in a crowded city as being a
soldier in France," her statement
was challenged. She seems to have
proved her point.

Her conclusion, she says, was based
on official figures for French military
mortality in the second half of
1916, and on New York City's infant
mortality reports for 1917.

In the half year of fighting referred
to, the total losses of the French
army, including missing as well as
killed, was only a little more than one
per cent of the men engaged. That
period included the great Somme drive
of the Germans against Verdun and
other big military operations. The
following year the death rate of children
under one year of age in New
York City was 88 per 1,000; of children
between one and two years 24.4
per thousand; two to three years,
10.08 per thousand; three to four years
6.66 per thousand; and four to five
years, 5.31 per thousand. So the
death rate of all children under five
years of age was nearly 30 per 1,000
or three per cent.

This surely is a humiliating comparison
so far as our civilian record is
concerned. The smaller cities make a
somewhat better showing, but with
rare exceptions their results in baby
conservation are as yet nothing to
brag on. Life is still safer for fighting
men in the war zone than for
babies in the American cradles.

It is well to remember this when we
are smitten with exaggerated fears
for the lives of our boys in France,
and give a little more heed to something
that lies more in our power—the
lives of the boys and girls in our
own homes.

ANOTHER INDUSTRIAL
TRIUMPH.

American industry has its victories
no less than American armies. In the
show of chemical industries at the
Grand Central Palace in New York,
it is announced that "American manufacturers can now hold their own
against any foreign competition in
optical glass, porcelains, refractories
for metallurgical operations and ceramic
productions."

In other words, we are now making
as good glass, pottery and porcelain
as anybody in the world. Specifically,
that means we have matched
Germany at her own game, because
before the war Germany had a virtual
monopoly on optical glass, crucible
porcelains and various allied products.

American clays have been found
that are as good as the German.
American chemists have worked out
the process. American business energy
has achieved quantity production and
distribution. The new industries are
already on a paying basis. It is the
same story that we have heard of aniline
dyes, drugs and various other
kinds of merchandise for which we
formerly depended on Germany.

We need not fear German competition,
or any other competition
for these things after the war,
say the experts, because plants
will excel the European plants in the
use of machinery and the elimination
of unnecessary labor and fuel cost.

"THE WIFE"

BY JANE PHELPS

RUTH IS MUCH HAPPIER, NOW
THAT RACHEL IS WITH HER.

CHAPTER LXV.

To Ruth, having Rachel with her
would have been unalloyed joy had
it not been for the fact that her
aunt had not yet forgiven her for
disgracing the family name by going
to work.

"She sholy was mad wid yo when
she got dat letter, missy Ruth. She
a most upset the hul house, she did."
"But Rachel, what difference
does it make whether I wash dishes
and scrub here at home, or earn the
money somewhere else to pay you
to do it?"

"It don't make no difference to
Rachel, honey." She was proud that
Ruth could work in the shop. Ruth
had taken her down with her, one
morning, just to let her see what a
nice place it was. "But you ain't a
mos partikler woman. They ain't
none of her folks ever worked."

Ruth had written several letters to
her aunt. At first she tried to
make her understand how she felt
about things; that she hated house-
work and was happy in the decorating.
But Mrs. Clayborne had remained
so obdurate, she had so insis-
tently declared Ruth was disgrac-
ing her, that now she scarcely men-
tioned her work at all. Just wrote
bright, breezy letters telling of her
new friends—the Roberts—of
where she went, what she was reading,
etc.

"I just long to tell her all about
my work," Ruth said to Clara Roberts
one day, "but it only makes her
angry, so I keep still."

"I can't understand it," Clara
had sympathetically replied. The
idea of thinking it was lowering to
take a position outside the home
was to her really funny.

"Aunt is very aristocratic."
"Yes, but scrubbing and washing
dishes are not. I know, don't I do
both?"

"But unless you told it, no one
would know. I really believe aunt
would lock the door and work nights
rather than let any one know she did
anything. Yet she is so sensible in
every other way. It's the way a
good many southern people feel.
They've always had so many darkeys
to wait on them, they have some reason
for feeling as they do, I guess."

"If she could see the lovely place
you work, I think she would be more
reconciled."

"I've thought that, too. It's one
reason I have urged her so hard to
come and visit me. And Mr. Mandel
is so nice to me. He has raised me
twice since I have been with him—
without my asking for it, either."

"You are a wonder! I tell Kenyon
that I'd give everything if I were only
half as clever. I am good for nothing
but just a housekeeper."

"But you like it, and I loathe doing
it. That's the difference. If I had
cared for housekeeping I probably
never should have looked for a position.
Yet in many ways we are better
off because I did. Then too, I can have
Rachel because of it."

"She's a dear."

"Isn't she? I love her dearly, and
hope now to keep her always."

Ruth meant it. Now that she had
Rachel with her, it seemed like a bit
of her old plantation life come to her.
Now she was eagerly welcomed when
she arrived home, was petted and
made much of.

"It's so tired, honey?" would be
Rachel's greeting, then she would un-
fasten Ruth's shoes, and draw her bath
just as she used to do in the time
which had seemed so long ago, but
which now Ruth declared had not been
any time at all.

"I just shut my eyes, Mammy, and
it seems that I never have been away
from you. Sometimes I think I am a
little girl again, and you are taking
care of me just as you used to."

"Yo ain't nothin' but a chile, yo
ain't, ef yo is mar'd."

"Oh, yes I am! but I like to be a
baby to you, Rachel."

Often after such conversation
Rachel would grumble to herself.

"Tain't no use takin' Master Brian
don't mak' nothin' of her, he don. I haf
to mak' up to her I does."

Ruth had told Brian that she was to
receive ten dollars a week more. That
Mr. Mandel had said she earned it.

"I do, too," she had added.

"I suppose you think you are worked
to death," he had said, scowling.

"In my work it is the knowing what
must be done that they pay people for.
Brian. After I—or somebody else—
have figured out just what a house or
a roof needs, almost anyone can carry
out our orders."

"He'll be making you one of the
firm, next." He was beginning to sulk
and to show his jealousy.

"I hope so!" Ruth laughed. Then
she added, "Come on, let's get dressed
and go somewhere. We'll just use the
first ten having a good time together.
Perhaps it will bring us luck if we do."

"Us? I can't see but you are lucky
enough. That is in all but the man you
married."

"That was the very luckiest thing I
ever did," she replied, then hurried
him off to dress. Yet, in spite of her
gay manner, she felt depressed by his
reception of her news.

Tomorrow—Brian Takes Mollie To
The Matinee. Ruth is There Also.

One's Personal Influence.
Every one casts a shadow. There
hangs about us a sort of penumbra—a
strange, indefinable something—which
we call personal influence, which has
its effect on every other life on which
it falls. It goes with us wherever we
go. It is not something we can have
when we will, as we lay aside a garment.
It is like something that al-
ways pours out from our life, like light
from a lamp, like heat from a flame,
like perfume from a flower.

FESS' JUDGMENT IS
REPUBLICANS WILL
WIN NEXT CONGRESS

In a recent letter from Dr. S. D.
Fess, at Washington, he had the fol-
lowing to say relative to the com-
plexion of the next congress:

"I have been so absorbed in the na-
tion wide campaign for the control of
the next Congress that I have not
paid as much attention to my own
district and people as I should. I am
devoting day and night to this work,
which is somewhat nerve racking, but
I feel justified in the effort. I can
confidently give you my best judg-
ment that we will win the next Con-
gress. It is a titanic effort to change
the political complexion of the legis-
lative body in the midst of a world
war but I think it can be done. A
change of nine will do the job. There
are to-day something like thirty-five
close districts held by Republicans
for which we must fight to maintain
these seats. There are at least forty-
two or forty-three seats held by
Democrats which can be classed as
doubtful and a good fighting chance.
The margin is in our favor. If the
drift should be with us we will win
the House by over twenty-five to
thirty. If it is not with us we still
have a fighting chance. I am per-
suaded that the drift to-day is with
us. The election in Maine indicated
Republican sentiment in that part of
the country. The primary votes in
New Jersey and Massachusetts had
the same lesson to teach. My various
reports from all parts of the country,
both by letter and personal inter-
views indicate a united Republican
sentiment unlike anything I have
seen since the days of 1912. This can-
not be said of the Democrats. The
last few days the peace foolishness
talk will certainly indicate to the public
the dangers of an inconclusive
peace, a matter which I have been
urging against for several months."

GRADUATE OF XENIA
SEMINARY MARRIED

The Rev. W. E. McClure, a gradu-
ate of Xenia Theological Seminary,
who has been pastor of the First Uni-
ted Presbyterian Church in Columbus
for nearly two years, was married in
Columbus, Monday morning, and with
his bride, is now visiting friends in
Xenia and Spring Valley.

The Ohio State Journal in its so-
ciety news, has the following con-
cerning their marriage:

Common interests, formed through
work for the City Rescue Mission, led
to the marriage at 9 o'clock Monday
morning of Miss Florence S. Park-
hurst, 443 St. Clair avenue, and mis-
sionary at the mission, to Rev. Wal-
ter E. McClure, 216 North
Eighteenth street, pastor of the First
United Presbyterian Church, East
Long street. The ceremony was read
by Rev. John G. King, pastor of Neil
Avenue United Presbyterian Church,
at his residence, 251 West Sixth
Avenue. After a motor trip, Rev. and
Mrs. McClure will be at home at 216
North Eighteenth street.

WILLIAM JOHNS
IS LAID TO REST

The Rev. A. J. Kestle, pastor of the
First M. E. church, officiated at fu-
neral services for William Johns,
which were held at J. H. Whitmer's
parlors at 10 o'clock Thursday morn-
ing. The service, which was brief,
was attended by a number of friends
of Mr. Johns. Interment was made
beside the grave of his mother in
Woodland cemetery. Many of his
friends called at the Whitmer office
Wednesday evening to take a last
look at the body of their old friend in
its casket.

Office Wednesday evening to take a
last look at the body of their old
friend, in its casket.

A personal offer to
those who fear
Spanish Influenza

MANY DOCTORS are urging
the use of a soothing anti-
septic like Kondon's for in-
side the nose and head.
I want to make it easy for
folks to get this relief.

THEREFORE, I hereby author-
ize any druggist to let you
have a 30c tube of "Kon-
don's" on the understanding
that if you don't think it is
worth many times that to
you, you may return your
tube to the druggist and
get your money back—the
druggist to collect said re-
fund from me.

DANGEROUS DISEASE

No organ of the human body are so
important to health and long life as
the kidneys. When they show up and
commence to lag in their duties, look
out! Danger is in sight.
Find out what the trouble is—without
delay. Whenever you feel nervous,
weak, dizzy, suffer from sleeplessness,
or have pain in the back or difficulty
in passing urine—wake up at once.
Your kidneys need help. These are
signs to warn you that your kidneys
are not performing their functions
properly. They are only half doing
their work and are allowing impurities
to accumulate and be converted into
uric acid and other poisons, which are
causing you distress and will destroy
you unless they are driven from your
system.

BAD BREATH

Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substi-
tute for calomel, act gently on the bowels
and positively do the work.

People afflicted with bad breath find
quick relief through Dr. Edwards'
Olive Tablets. The pleasant, sugar-
coated tablets are taken for bad breath
by all who know them.

Dr. Edwards' Olive Tablets act gently
but firmly on the bowels and liver,
stimulating them to natural action
clearing the blood and gently purifying
the entire system. They do that which
dangerous calomel does without any
of the bad after effects.

All the benefits of nasty, sickening,
gripping cathartics are derived from Dr.
Edwards' Olive Tablets without griping,
pain or any disagreeable effects.

Dr. F. M. Edwards discovered the
formula after seventeen years of prac-
tice among patients afflicted with
bowel and liver complaint, with the
atrocious bad breath.

Dr. Edwards' Olive Tablets are purely
a vegetable compound mixed with olive
oil; you will know them by their olive
color. Take one or two every night for
a week and note the effect. 10c and 25c
per box. All druggists.

YOUNG PEOPLE ARE WED IN JAMESTOWN

Miss Bessie Morrow, daughter of Mr. and Mrs. A. J. Morrow of near Xenia, and Mr. Carey Gordon of Jamestown, were quietly married at the home of Rev. Frank Gordon of Jamestown, uncle of the groom. The bride wore a tailored suit of dark brown, with hat and shoes in corresponding shade. After the ceremony they motored to the home of the bride where a bountiful supper was served. Only the immediate families of the bride and groom were present. The happy young couple have the best wishes of their many friends.

ARMY CASUALTIES

Washington, Oct. 17.—The following army casualties are reported by the Commanding General of the American Expeditionary Forces:

| | |
|------------------------------|-----|
| Killed in action | 28 |
| Missing in action | 8 |
| Wounded severely | 56 |
| Died of disease | 18 |
| Died of wounds | 11 |
| Wounded, degree undetermined | 75 |
| Prisoners | 5 |
| Total | 211 |

KILLED IN ACTION
Russell Andreas, Canal Dover.
Mikle H. Rader, Findlay.
Ivan Scott, New Cumberland.
DIED OF WOUNDS:
Wilfred Thompson, Lorain.
WOUNDED SEVERELY:
Frank Fugate, Greenfield.
WOUNDED (Degree Undetermined)
Samuel Ricks, Cleveland.
William C. Robbins, Bergholz.

COUGHED SO HE COULDN'T SLEEP
Bronchial coughs, tickling in throat and asthmatic spasms break one's rest and weaken one so that the system is run-down and serious sickness may result. Enos Halbert, Paoli, Ind., writes: "I had a severe cold and coughed continually at night; could hardly sleep. Foley's Honey and Tar cured my cough." Sayre & Hemp-hill, adv.

Speed of Bullet.

A rifle bullet covers about two miles in five seconds, while sound travels the same distance in a shade more than nine and one-half seconds, so it is easy to understand why the bullet strikes before the report of the rifle is heard.

They fight with their whole souls

You are reading every day of our boys over there—of Pershing's divisions charging into the blasting fire of the Boche trenches; of small detachments smashing their way from house to house through ruined villages; of single-handed deeds of sacrifice and valor.

One thought, one impulse only fills their souls—to *fight and keep on fighting*, until the war is won.

They know that all America is back of them; they know that they can count on us at home to send them all the guns and supplies they need to win.

There is only one way we can do it. All of us must work and save and buy Liberty Bonds, with our whole souls, the way our men are fighting over there!

No less will win. There is no other way to provide the money the Government must have. No other standard can make the Fourth Liberty Loan a Success.

Lend the way they fight—Buy Bonds to your utmost

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

BEALL HOME IS RANSACKED BY BOLD BURGLAR

A burglar who ransacked the home of Emery Beall on the Union road Wednesday during the absence of the family, turned the leaves of the family Bible, and even upset vases, sewing machine drawers, and Mrs. Beall's party bag, looking for money.

A new suit of clothes belonging to Mr. Beall, new hat, new pair of shoes and coat, which were packed in a new suit case, and carried away, are things which are known to be stolen.

Fifty dollars worth of war savings certificates had been carelessly cast aside, the thief evidently not knowing their value. The family is yet unable to determine whether anything else was taken, as the house was in a chaotic condition following the burglar's whirlwind trip through it. Every drawer was turned topsy turvy, and the burglar had taken the precaution to unlock and prop open every door in the house so that he could make a hasty exit in case of discovery. The doors were in that condition when

Mr. and Mrs. Beall returned home about 3 o'clock.

Mr. and Mrs. Beall left home about 8:30 in the morning the former going to the sale on the Jobe farm, while Mrs. Beall came to this city. Nearly every person in the neighborhood had gone to the Jobe sale, and this fact was evidently well known by the burglar. The thief gained entrance through a front window, which he forced open.

As soon as learning of the burglary Mr. Beall came to Xenia, and took Sheriff Jackson to his home in his automobile. The officer investigated and with Mr. Beall drove over the entire section of country. The only clue obtained was the fact that a man carrying a suit case had been picked up by a Wilmington-Xenia bus about 11 o'clock in the morning.

This burglary recalls the fact that the Beall home was burglarized under similar conditions about seven years ago. At that time Mr. and Mrs. Beall were attending the county fair and when they returned they found their home completely ransacked. On that occasion it was evident that three burglars entered the house as three suits of clothes were taken along with much other wearing apparel.

Daily Thought.

Shut not thy purse strings always against pained distress.—Charles Lamb.

STAR COURSE FOR BENEFIT OF SOCIAL SERVICE LEAGUE

The Xenia Lecture Course has been planned for by the First Methodist church and the ladies of the church will offer tickets to the public this week. Fearing that in the appeals for gifts for war work, our own worthy needy ones might be neglected, the church will give the profits over to the Social Service League. The course is a strong one, consisting of four numbers. The first number is the Corella, Bonelli Company, soprano and baritone with violin and piano accompanying. This is the finest musical number offered Xenia in years. Another number worth the price of the course is Crawford Adams, the wizard violinist who charmed the people last year. Dr. Lincoln McConnell, a great Southern orator, will give a patriotic lecture and Noah Beilharz comes as America's greatest character artist. The first number will be in the opera house, Oct. 24 at 8 o'clock. The price of the entire course is one dollar. Let's all help the Social Service League and also get something worth while for ourselves.

ONE DOSE RELIEVES A COLD--NO QUININE

"Pape's Cold Compound" ends bad colds or grippe in a few hours

Relief comes instantly.

A dose taken every two hours until three doses are taken will end grippe misery and break up severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick-headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

HYENA TURNS FOX.

Rio Janeiro, Oct. 17.—"Germany is playing a diplomatic card, the equal for which astuteness and boldness is unknown," said R. Boroosa, international jurist and Brazilian envoy at the last Hague conference, speaking today of the German peace drive.

"Until now," he said, "the German mania was to smash the world by arms. Now she wishes to trick it diplomatically. The hyena has turned fox. The world has confidence in Wilson, Lloyd George and Clemenceau."

EPIDEMIC SITUATION AT WILBERFORCE IS NOW MUCH BRIGHTER

The influenza situation at the army training post at Wilberforce University, was brighter Wednesday morning than it has been for several days, although two members of the medical corps died Tuesday within a few hours of each other.

For the last two days no new cases have developed, and many of those now in the hospital are convalescing. So far there have been 62 cases of influenza at the Tawawa hospital, and the temporary hospital in Gallows Hall.

Lieutenant George F. Flanders of Whittier, Cal., army dentist at Wilberforce, was critically ill of pneumonia, Tuesday, but Wednesday Lieutenant and Mrs. Flanders live at Wilberforce.

The only critical case of pneumonia in the Student Army Training Corps is said to be Commodore Williams of Berea, Ky. His mother has been notified and is with him.

The influenza has also entered the ranks of the University faculty, and among those stricken are Miss Lenora Carrington, Miss Jane Hunley and Theodore Carter, the latter secretary to Superintendent Joiner of the C. N. and I. department.

The medical department at the post is taxed to the utmost to take care of the sick, and the illness and deaths of two privates in the medical corps has been further hampered.

Greene County Over The Top

SAIL SET BY COUNTY WORKERS TO REACH \$1,000,000 MARK

Greene county has gone "away over the top" in the Fourth Liberty Loan drive and is now setting sail for the one million dollar mark. At the close of business Wednesday night the official total for the county was \$850,000 or forty thousand dollars over the county quota. At noon Thursday it was conservatively estimated that this total had reached \$900,000. With only \$100,000 more to go and with every liberty loan worker in the county working at top speed it is confidently believed by Judge H. L. Smith, chairman of the local committee that the county can reach \$1,000,000, before the campaign closes Saturday at midnight. At the present time every township in the county, with the exception of three, have gone over the top and honor flags have been ordered for them. The three which are lagging behind are Sugarcreek, Bath and Ross. The first two have a long way to go to reach their quota but Ross will probably go over today.

Every township in the county is urged to continue at work in an effort to boost the total county subscription to the million dollar mark. If every worker will continue the splendid effort they have been putting forth during the past few days this can be accomplished without difficulty. Workers must not quit work and buyers must not quit buying bonds just because the county has gone over. Remember that many other districts have not come up to their quotas and it is up to all to set their eyes on the national goal and help put the nation across.

Early this week the situation was discouraging, but a strong appeal to a number of wealthier people of the

county brought forth good results and the total began to mount by leaps and bounds. The game was also helped along by a subscription of \$27,700 made by Greene county men in the employ of the Pennsylvania railroad.

Xenia city and Xenia township has exceeded its quota by over \$60,000. The quota for the city and township was \$378,000. Up to Wednesday a total of \$450,000 of bonds had been sold in this district.

In celebration of Greene county's splendid achievement a gigantic county parade will be arranged to take place Saturday evening. This feature has been placed in the hands of the Business Club's patriotic committee which will handle the details of the celebration. Every township and every village in the county is urged to take part. This will be a county and not a Xenia celebration. Bands and delegations from all parts of the county are urged to come. They will all be given places in the parade. The Moore band of Xenia will be in the parade and it is hoped that the O. S. & S. O. Home band and battalion will be able to participate. A special invitation will be issued to them. Only persons who have bought bonds or members of their families will be permitted to march in the parade. If you have a bond and have not a Liberty Loan button bring your receipt and get a button at Liberty Loan headquarters.

The parade will start promptly at 7:30 o'clock. Every one who is entitled to take part in this celebration is urged to do so. Get in line and show that you are doing your share to help win the war. Red fire will mark the line of march and three gigantic bombs will be exploded during the evening. Persons who take part in the parade are asked to provide themselves with flags, Roman candles and red fire.

The patriotic committee which will have charge of the celebration will meet at 7:30 this Thursday evening at the Business Club to plan the details. Every member is asked to be present.

AMERICAN FLAG PRESENTED TO THE WILBERFORCE CAMP

With appropriate ceremonies a large American flag was presented to the Students Army Training Corps at Wilberforce Wednesday evening by the Xenia Business Men's Association, the presentation being made by John W. Prugh, chairman of the patriotic committee of the club. Mr. Prugh was accompanied to Wilberforce by the members of his committee at 5 o'clock in the evening and they were met at the camp by Captain Ostermaier, Lieutenant Piper and members of the university faculty.

After the members of the student army had been drawn up at attention Captain Ostermaier addressed them, stating that this occasion would be the last upon which he would appear before them as their commanding officer as he had been transferred to Warsaw, Ind., and would immediately turn his command over to Lieutenant Piper, who will be in charge temporarily. He expressed his regret at leaving Wilberforce and thanked the young men in the company for the cheerful, intelligent manner in which they had obeyed his commands. He reminded them that the officers in the United States army think first of the comfort of their men and urged them always to obey and be loyal to their officers. At the conclusion of his remarks he introduced Mr. Prugh who made a most eloquent address presenting the flag to the detachment. He told the young men that they should be proud of the deeds performed by men of their color on the battle front and reminded them that colored men have always been men of valor and can always be counted upon to give a good account of themselves in battle.

Lieutenant Piper accepted the flag in behalf of the detachment after which it was raised to the top of the flagstaff nearby. As it was raised a salute was fired. Immediately afterward retreat was sounded by the buglers and the flag was lowered as the company and officers stood at attention.

In conclusion, Captain Ostermaier formally turned the command over to Lieutenant Piper and instructed the men to receive their orders from that time forward from the new commander.

DOCTOR ADVISED CHANGE OF CLIMATE

Run Down and Lungs Hurt—Stay Home and Gained 22 Pounds.

"In November, 1911, I had a severe cold and a gripe, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job as street car motorman. My physician told me to change climate. In April, 1912, I began taking Milks Emulsion. On the second bottle I could see a change. My appetite was better and I commenced to gain strength and weight. Now (August 23, 1912) I have used 27 bottles, have increased 22 pounds in weight, and believe I am permanently cured."—W. F. Bourland, Route 5, Wolf City, Texas.

Mr. Bourland was fortunate in commencing to use Milks Emulsion while his case was in an incipient form. Even in many advanced cases, Milks Emulsion has wrought wonders. It costs nothing to try—it is guaranteed.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Sayre & Hemphill.

EAST END NEWS

Mrs. Nellie George departed from this life at 11 a. m., Oct. 16, 1918. She leaves to mourn their loss, her husband, John George, and four sisters and one niece, and other relatives. Her sisters are, Mrs. Mary Butler, of Oakland, California, and Mrs. Belle Moss, of Oakland, Mrs. Laura Allen, of Illinois, Mrs. Hattie Williams, of Xenia, and her niece, Mrs. Thelma Davis, of Cincinnati. Funeral will be held at the house Saturday afternoon at 1:30.

Damon Lodge No. 29 K. of P., held no meeting Tuesday, the 15th, as public gatherings are prohibited for the present. The Master of Finance will receive dues, and each member is requested to pay his dues by Oct. 20, or his endowment will not go off.

Mrs. Marie Seury and son, Nathaniel, are both pneumonia patients. Mrs. Seury has double pneumonia. Both were reported some better yesterday.

Mrs. Eula Porter is confined to the house with the grip. She took sick yesterday.

JOB SALE AMOUNTS TO MORE THAN \$8,000

"We certainly must hand it to the Gazette and Republican. The crowd that was out to the sale resembled a county fair throng, they were there to buy, and the advertising that we carried in the papers certainly more than repaid us."

This was the expression of those in charge of the public sale on the H. H. Jobe farm on the Jamestown pike, which was conducted Wednesday by Mrs. Elsie Jobe, as administrator of her husband.

The total sum realized from the sale was more than \$8,000. Live stock sold consisted of eight head of horses, 20 cattle, and 40 Delaine sheep. There were no fancy prices, but everything sold well. The buying was steady from 10 o'clock in the morning until 4:30 at night, and the bidding was lively all the time. Grieve and Titus were the auctioneers.

ELECTRIC LINES STILL TIED UP

Columbus, Oct. 17.—Ohio Electric lines in Ohio and Indiana remain tied up by the strike of more than 400 motormen and conductors.

A. J. White, general manager, stated today that the carmen had made no effort to meet with company efforts to discuss the difficulties.

White declared the company was willing to meet with the men upon wage situation, but did not believe it was called upon to officially recognize the union as a medium of mediation.

The war community labor board has been asked by the carmen to settle the wage question, according to White.

CHICAGO STILL LAGGING BEHIND

Chicago, Oct. 17. Chicago continued today to lag in its Liberty Loan campaign.

With a total of \$168,000,000 subscribed, the city faced the necessity of raising an average of \$28,100,000 a day for the three days left, if it reaches its quota of \$252,300,000.

Loan workers today declared that they will expose to publicity wealthy Chicagoans who refuse to buy bonds in proportion to their means.

SYMBOL OF LOYALTY OF THE UKRAINIANS

Washington, Oct. 17.—A wreath rests today on the tomb of Washington in the name of 500,000 Ukrainians in America who are loyal to the principles of General Washington.

Rev. Peter Ponstishin, administrator of the Ruthenian Catholic diocese in the United States, headed a pilgrimage to Mount Vernon and placed the Ukrainian tribute on the first president's grave.

Know Whortleberries?

Very few people, we suspect, have tasted whortleberries, and many do not know what they are. There is an excuse for their ignorance, as experts were long in doubt whether the fruit was the same as the bilberry; but now they are agreed that they are one. The Scots call them blaeberrys on account of their color, which is a genuine blue, and so in the "Merry Wives" Pistol instructs the fairy to "pinch them blue as bilberry."

GOOD FOOD

—and a food that fits these saving times—

Grape-Nuts

Needs no sugar.

ECONOMIC AID TO BE EXTENDED TO NEW RUSSIA

Washington, October 17.—At the direction of President Wilson, economic aid will be extended to Russia, through the agency of the war trade board, it was learned today.

This policy is the outcome of the inter-allied determination to support the military movement of the Czechs-Slovaks in Siberia, broadened to rehabilitate sectors of Russia.

In the end it is the hope that a new Russian military system can be built up which will force the Germans out of the occupied territory and result in the renunciation of the Brest-Litovsk treaty.

The movement of supplies, it was stated, will be via both Archangel on the Murman coast and Vladivostok on the Siberian Pacific coast.

Agreement on this policy is understood to have been accomplished through the joint efforts of the allied missions in America. Notices have been sent to a number of American export and importing firms advising them that the war trade board is authorized to issue certain export licenses.

Inasmuch as allied and American troops are established in Siberia and in the Murman coast section, there is no fear that materials shipped may get into the hands of the Bolsheviks or Germans.

It is stated that economic aid is the first necessity in re-establishing the Russian faith in the allies and in generating anew the military spirit to oust the Germans and force the Bolsheviks to submit to the maintenance of satisfactory rule of law and order.

Prevents Snoring.

One of the simplest of many new devices to prevent snoring consists of a pair of tubes to be inserted into the nostrils to keep them open.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

A small bottle destroys dandruff and doubles beauty of your hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

THINK OF IT

We Americans have been spending \$1,300 every minute of the day for booze. That's the price of a comfortable home. It means 1,440 homes every day, or 555,000 homes every year, or homes for nearly 2,000,000 people.—Greene County Dry Federation.

FORMER GREENE CO. BOY DIES AT CAMP

Private Ray Vanniman, formerly of Jefferson township, this county, but who was inducted into the service from Washington C. H., a few weeks ago, died of pneumonia at Camp Taylor, Ky., last Saturday night. The body was taken to his home.

The young man leaves his mother, Mrs. Mattie Vanniman, and a widow and small child. He was a son of the late Calvin Vanniman, who was a very large and owner in Jefferson township.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Any one who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. If desired, either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, known as the most reliable remedy for throat and chest ailments, effective and guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.
